Isla

# Isla

The contemporary and intricate Isla design is inspired by shapes and textures found along the seashore. Featured on a comprehensive range of tableware shapes and beverage items, the modern yet graceful Isla embossment is reminiscent of the coastline. Hand applied accent colours in Ocean Blue and Shale Grey enhance the decorative embossment on feature items, catching with light across the surface of each piece.

## A collage of 12 images related to the ocean and coastal themes. The images include: a light blue textured background; a close-up of dark blue water with white foam; a light blue wooden plank texture; a grey marbled texture; a close-up of smooth, rounded stones in various shades of brown and grey; a coastal landscape with a green golf course and blue water; a color palette with five vertical bars in shades of grey and blue; a close-up of white foam on a dark pebble beach; a light blue textured background; a close-up of smooth, rounded stones in various shades of blue and grey; a rocky coastline with waves crashing against the shore; and a light blue textured background.

# Contemporary and graceful for premium or relaxed dining

Enhanced with colour, the intricate Isla embossment intensifies with the addition of Shale Grey and Ocean Blue. Statement items within the collection complement the full white embossed range, work independently as stand alone pieces or create an eclectic mix with other Churchill ranges.

# Conference and banqueting

Isla is available in a comprehensive range of tableware shapes and beverage, including presentation plates and footed plates for ease during service. Designed for large scale dining events, the range is lightweight, designed to stack with long lasting durability and strength.
